Department of Public Works' Procedures

Winter regulations that are currently enforced

Rome, NY –

The City of Rome Department of Public Works would like to remind the citizens of Rome of the winter procedures that need to occur in order to keep the roadways clear of snow and safe for travel.

Overnight Parking:

There is no overnight parking in the City of Rome from November 1 to March 31 between the hours of 2 a.m. and 6 a.m. If a vehicle is found to be parked on the street during those date/times, the vehicle owner will be ticketed and the vehicle may be towed.

Snow Removal Access:

Residents must keep their trash and recyclable containers behind the curb, on their lawn and off of the roadway. In order to properly remove snow from the roadways, plows must be able to access up to the curb.

Private Snow Removal:

Private snow removal from driveways and sidewalks by private contractor plowing, shoveling or snow blowing must not be placed into the roadway. Excess snow placed in the roadway can cause hazardous conditions.

The City appreciates the compliance of the residents in Rome as DPW works to improve their snow removal efforts.

Any questions in regard to snow removal or the procedures above can be directed to the City Yard at (315) 339-7774.
